ENVIRONMENTAL POLICY

POLICY STATEMENT

Mascot Roofing Limited ensure that its work and processes do not contribute to environmental pollution. The Company will therefore comply with the requirements of the Environmental Protection Act 1990 and all relevant regulations when it is practicable to do so.

The company has strong aims in respect of physical, economic and social impact of all construction schemes. We aim to contribute towards the improvement of the environment and support good practice and innovation.

For example reasons could be as below:

- When tenders are received the following are considered
- Compliance with control standards as a minimum requirement.
- Work with suppliers to improve systems.
- Use of recyclable materials
- Use of materials requiring minimum production costs
- Use systems that can be improved rather than replaced in the
- Minimise site waste. Waste then binned and recycled
- Use of natural light
- Use systems which require minimal maintenance

General

- Reduced supply chain, single point delivery
- Reduce office paper systems
- Minimise disturbance caused by
- Engage with clients and professional teams to help towards efficient designs and improve standards.
- Reduce pollution and energy
- Involve employees, contractors, suppliers and designers in the improvement of environmental
- Respond to complaints quickly and revise systems when possible to improve performance
- Listen to ideas

The Company will minimise the amount of waste generated by re-using or recycling as much as possible before resorting to disposal (i.e., lead, roof tiles). When disposal is necessary the Company will ensure that waste is disposed of safely by using licensed contractors.

The Company will regularly audit the Company's operations from an environmental standpoint and set out standards for improvements.
